LANDBANK iAccess TERMS AND CONDITIONS

I FEATURES OF iAccess SERVICES

1. Accessibility
 - a. I/We acknowledge that iAccess is a facility granted by Land Bank of the Philippines (LANDBANK/Bank) which I/we may avail for as long as it is offered and provided that I/we continue to be qualified under its terms and conditions.
 - b. Only my/our enrolled deposit accounts can be accessed via iAccess with the use of an internet enabled computer (Microsoft Internet Explorer at least 5.5 version or higher) or mobile devices, and its corresponding iAccess ID and Password.
 - c. I/We understand that for my/our safety, LANDBANK shall LOCK my/our iAccess ID should the wrong Password be used three (3) times.
 - d. While iAccess is available twenty-four (24) hours a day, seven (7) days a week, I/we understand that some or all of the services may not be available at certain times due to designated service periods, maintenance, computer, telecommunication, electrical or network failure and/or any other reasons beyond the control of the Bank.
 - e. I/We also understand that any online transaction initiated through iAccess before system downtime on a banking day shall be posted to my/our account on the same day. All transactions after system downtime on a banking day or completed on a Saturday, Sunday or legal/special holidays, shall be posted on the next banking day. Banking days are from Monday to Friday, except for legal/special holidays.
2. iAccess Online Security Policy
 - a. At LANDBANK, I/we are always assured that all my/our internet banking transactions are safe and secure. The LANDBANK Retail Internet Banking System, iAccess, takes great measures to ensure that its security practices conform to the best banking standards and adequately respond to all my/our needs.
 - b. To ensure that the privacy of my/our account information and banking transactions are maintained, LANDBANK has set forth the following:
 - Security Systems

LANDBANK deployed intrusion detection systems, firewalls, encryption systems such as 128-bit Secure Sockets Layer (SSL) and other internal controls which are meant to safeguard, physically and logically, all our servers and information systems, including the data stored in these systems. Furthermore, it has an in-house Network Operations Department that secures the maintenance of the whole facility.
 - Website Authentication

The LANDBANK iAccess facility used the Verisign's Security Certificate to verify the authenticity of the iAccess site. At times, it may be necessary for me/us to verify the authenticity of the iAccess site in order not to fall victim to email scams. For example, directing clients to seemingly legitimate sites and mislead them into providing vital account information to entities not authorized by the Bank. The Verisign Logo attached on all the iAccess pages, when clicked, securely authenticates the iAccess site. The best, safest and recommended way to access the iAccess website is by typing www.lbpaccess.com at the browser address bar.
 - Third-Party Agreements

Certain transactions involving third parties – Third-party Fund Transfer and Bills Payment, all require enrollment of accounts using the duly accomplished Enrollment and Maintenance Agreement form submitted for verification. With this policy, I/we are assured that LANDBANK shall honor requests for transfers/payments only to and from those that I/we have signed for.
 - Email

All financial transactions made through the LANDBANK iAccess shall generate a corresponding email which shall be sent to my/our personal email address. We are encouraged to continually check and verify emails (including the one incorporated in the iAccess system) to ensure that all iAccess transactions are in order.
 - Password Protection

All those visiting the iAccess website pass through the Log-in authentication process. I/We are advised to use a password that is easy to remember but hard for others to guess. I/We shall ensure to keep my/our password confidential at all times by not writing or divulging it to anyone. I/We are advised to change my/our password frequently or change it immediately once the password has been compromised.
